

**Clinical Child & Pediatric Psychology Postdoctoral Positions Adopting the
2022-2023 APPIC Postdoctoral Selection Standards and Common Hold Date (CHD)**

The following list of programs includes all Universal Psychology Postdoctoral Directory (UPPD) program listings that self-identified as at least one of the following: a) Specialty Recognized by COS = Clinical Child Psychology or b) Emphasis or focus area = Child/adolescent or c) Agency type = either Children’s hospital or School-based AND selected Yes for Following APPIC PD Selection Standards. Research-focused programs and neuropsychology programs that denoted themselves as exempt from the Standards are not included on the list. The CCaPPTC Board understands that the above extraction method may be imperfect; any other postdoctoral programs providing training in clinical child and/or pediatric psychology and following the Standards who would like to be included in the list, or for any corrections to the list, please contact Mariella Self, Ph.D., ABPP at mmself@texaschildrens.org. Please note that all UPPD listings are self-reported by programs; CCaPPTC cannot attest to their accuracy.

The CCaPPTC Board intends to update this list at least weekly for the next 1-2 months, until it appears that the majority of program listings have been updated for this selection cycle. At this time, less than half of the listings in the UPPD have been updated or the 2022-2023 selection cycle (with ~90% indicating they will follow the Standards), so the list of adopting programs is expected to grow significantly in the coming weeks. If you are the Training Director of a program that does not yet appear on this list and would like to, you may either simply update your UPPD listing to reflect that you are following the APPIC Postdoctoral Selection Standards and await the updated list; if you wish, you may also email Mariella Self, Ph.D., ABPP at mmself@texaschildrens.org to make known that your listing has been updated and you would like to be added.

For reference, the APPIC Postdoctoral Selection Standards and Common Hold Date may be found at: <https://www.appic.org/Postdocs/Postdoctoral-Selection-Standards>. APPIC is offering numerous resources to support understanding and implementation of the Standards, which may also be found on the APPIC website.

**Clinical Child and Pediatric Psychology Postdoctoral Programs Reporting Intent to Follow the APPIC
Postdoctoral Selection Standards and Common Hold Date**

List based on extraction of UPPD data from 9/23/22

State	Institution	Program Name
Alaska	Orion Behavioral Health Network	Orion Behavioral Health - Child/Adolescent focus
Arizona	Arizona Psychology Training Consortium	Arizona Psychology Training Consortium/Desert Sage Health
Arizona	Arizona Psychology Training Consortium	Arizona Psychology Training Consortium/ Gentry Pediatric Behavioral Services
Arizona	Arizona Psychology Training Consortium	Arizona Psychology Training Consortium/Axis for Autism LLC
